● **Research Assistant & Psychometrician**

Centre for Clinical Epidemiology and Evaluation

📍 Vancouver Coastal Health

- Member of a psychometric team assisting in the creation of the Vancouver Airways Health Literacy Tool
- Assisted in establishing a psychometric data analytic plan for a pilot stage and several validation stages of data collection and analysis
- Conducted all psychometric analyses

2021
|
2020

● **Research Assistant & Psychometrician**

Department of Family Practices

📍 University of British Columbia

- Member of a psychometric team assisting in the creation of the Pregnancy-specific Anxiety Scale
- Developed a data analytic plan for item selection, as well as for the evaluation of the scale's psychometric properties
- Conducted all psychometric analyses

2018

● **Data Analyst**

Smoking Cessation Legacy Project

📍 Vancouver Coastal Health

- Thematically coded interview responses from cessation-oriented counselling sessions
- Planned and conducted all quantitative data analytic work

TEACHING EXPERIENCE

current
|
2022

● **Sessional Instructor: Applied Statistical Analysis in Psychology (PSYC110) and Intermediate Research Methods and Data Analysis (PSYC301)**

University of the Fraser Valley, Department of Psychology

- Developed and delivered course model
- Created and delivered lectures on various statistical topics, including inferential statistics (e.g., correlation, regression, ANOVA, factorial ANOVA designs, complex multiple regression designs)

current
|
2015

● **Teaching Assistant: Introduction to Data Analysis in Psychology (PSYC 210)**

Simon Fraser University, Psychology Department

- Created and conducted tutorials for students enrolled in PSYC 210
- Have routinely held this appointment 1-2 times per academic year

current
|
2018

● **Teaching Assistant: Intermediate Data Analysis with R (PSYC 301)**

Simon Fraser University, Psychology Department

- Created and conducted labs for students enrolled in PSYC 301
- Labs focused primarily on teaching undergraduate students how to use R to conduct statistical analyses and visualize data
- Have routinely held this appointment 1-2 times per academic year

I am passionate about teaching statistics. I believe that no topic is too complex if the teacher is clear, empathetic, and focuses on conceptual understanding first and foremost.

2021

● **Sessional Instructor: Introduction to Data Analysis in Psychology (PSYC210)**

Simon Fraser University, Psychology Department

- Summer 2021 & Fall 2023 Appointments
- Developed and delivered course model
- Created and delivered lectures on various statistical topics, including inferential statistics (e.g., correlation, regression, ANOVA)

2023
|
2021

● **Graduate Peer in R**

Simon Fraser University, Library Research Commons

- Created and conducted numerous workshops in R offered to university graduate students
- Topics have included: Introduction to R, Data Manipulation with dplyr, Data Visualization with ggplot2, Handling text-based data, among others
- See the “Workshops” sections below

AWARDS

2022
|
2016

● **Graduate Fellowship**

- Annual award offered in support of graduate students who demonstrate academic accomplishment
- Awarded by SFU Department of Psychology
- \$6,500

 - Hathcoat, J. D., Hohn, R. E., & Sequeria, S. N.
 - Poster Presentation

WORKSHOPS AND INVITED PRESENTATIONS

I enjoy crafting and offering workshops across a range of subjects for both statistical and programming applications.

- 2021 ● **Use dplyr to effectively handle data in R**
Simon Fraser University, Library Research Commons
- Reviewed the core functionality of the dplyr package
 - Have conducted this workshop on two occasions
 - Half day, four hour workshop
- 2021 ● **Manipulating and Handling Text Data in R**
Simon Fraser University, Library Research Commons
- Surveyed the baseR and stringr package functionality for manipulating text-based data, including the integration of regular expressions
 - Half day, four hour workshop
- 2021 ● **RMarkdown: Learn to Create Webpages, PDF Documents, and Formal Reports in RStudio**
Simon Fraser University, Library Research Commons
- Demonstrated the versatility of the RMarkdown document format for generating statistical reports
 - Have conducted this workshop on three occasions
 - Half day, four hour workshop
- 2020 ● **Introduction to R**
Simon Fraser University, Library Research Commons
- Covered basic topics of introductory R programming, data manipulation, data visualization, and statistical analysis
 - Have conducted this workshop on six occasions
 - Two day, ten hour workshop
- 2019 ● **Modeling Ordered-Categorical Variables and Assessing Measurement Invariance**
Simon Fraser University, Psychology Department
- Invited Speaker at the Simon Fraser University Psychology Department's Historical, Quantitative, & Theoretical Psychology Seminar Series
 - Reviewed latent variable response approaches (e.g., weighted least squares means- and variance-adjusted estimation) to modeling categorical or non-normal data
- 2018 ● **Understanding and applying item response theory using R**
Simon Fraser University, Psychology Department
- Surveyed the foundational ideas of Classical Test Theory, Generalized Linear Models, and Item Response Theory
 - Included a demonstration of item response modeling in R using the mirt package, for dichotomous and polytomous models
 - Full day, eight hour workshop
- 2014 ● **A brief introduction to the issues of philosophy of science**
James Madison University, Psychology Department
- Invited Speaker at the James Madison University Psychological Sciences Round Table Lecture Series
